

22 November 2007

Dear member and invited guests

We wish to bring to your attention that whilst alcohol is brought by and shared amongst members and guests, no responsibility is taken for incidents arising from the consumption of alcohol.

Please note that we are not a licensed venue; merely a social club where all persons are of equal footing.

We ask that you behave in a sociable, friendly and responsible manner, and be aware of your own consumption and your own limitations. It is up to each individual to consume these beverages responsibly, and we strongly recommend that you do not drive. If alternative transport is required please notify a committee member who will arrange a taxi for you (at your own cost).

I agree that the club takes no responsibility for actions related to or arising from alcohol consumption in any form.
